

## Awana COVID Safeguards

We are asking clubbers and the families to follow these safeguards with regards to COVID for the safety of volunteers and fellow clubbers:

- Any adult dropping off/picking up clubber will wear a mask upon entering and while inside the building.
- My clubber(s) will wear a mask in club unless they are told by a leader they can be removed or unless a written note from a doctor stating they do not have to wear one is provided.
- I will stay home for that week's meeting if anyone in my family's household is not feeling well (etc. cough, shortness of breath or other symptoms) [www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html](http://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html)
- Clubbers will not participate in club unless they are fever free for 24 hours without the use of medications.
- My clubber(s) will have their temperatures checked upon entrance to the building for club meetings.
- If anyone in my family household has tested positive, is awaiting test results or has been exposed to someone that has tested positive, I agree to follow quarantine procedures per Center for Disease Control (CDC)-recommended guidelines.

(CDC: <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/quarantine.html>)
