

Awana Volunteer COVID Safeguards

We are asking you as a volunteer to follow these safeguards with regards to COVID for the safety of volunteers and fellow clubbers:

- I will wear a mask upon entering and while inside the building.
- I will stay home for that week's meeting if anyone in my family's household is not feeling well (etc. cough, shortness of breath or other symptoms)
www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html
- I will not participate in club unless I have been fever free for 24 hours without the use of medications.
- I will check my temperature before arriving for club meetings.
- If anyone in my family household has tested positive, is awaiting test results or has been exposed to someone that has tested positive, I agree to follow quarantine procedures per Center for Disease Control (CDC)-recommended guidelines.
